Paradigm® 005 Double Cylinder Deadbolt

The Paradigm® 005 Double Cylinder Deadbolt is the premium security solution with its innovative safety features. The contemporary styling can be combined with any lever or entrance handle to create an elegant security solution, ideal for residential and architectural applications.

Key Features

- Three function modes with DualSelect® provides combination of convenience and security
- High security cut resistant stainless steel bolt
- Safety Release™ automatically unlocks internal knob upon key entry from outside
- LockAlert® indicator shows lock status at a glance
- Available in round or square rose

Restricted Special Keying

Lockwood locks can be keyed to a number of controlled and/or specially keyed systems. These range from legally protected keys to protect against unauthorised duplication, which can also include specially designed key systems such as master key systems, which allow for different levels of mechanical access control.

Please refer to Lockwood Keying Catalogue or contact your local sales office or customer service for specific information.

Retrofitable

Replace your existing Deadbolt. Fits 54mm hole. 60-70mm adjustable backset. 32-48mm door thickness.
