**twin<sup>x</sup>**

## Introducing Lockwood TWIN X®

TWIN X® components are available in multiple formats, including cylinder assemblies, cylinder kits, cylinder housings, Key blanks, cut Keys, barrels, pins, and other components

Access to TWIN X® components is restricted to authorized/ exclusive dealers who have undergone a rigorous due diligence process. The inclusion of side codes on Key blanks is a pivotal element of exclusivity, and its controlled distribution is managed by ASSA ABLOY.

A key with the wrong profile cannot even be inserted. A key with the wrong side code cannot release the side bar. For a key to open a lock, it must have the correct profile, side code, and top code.

### Applications

Commercial Real Estate

Federal & Local Government Run Divisions

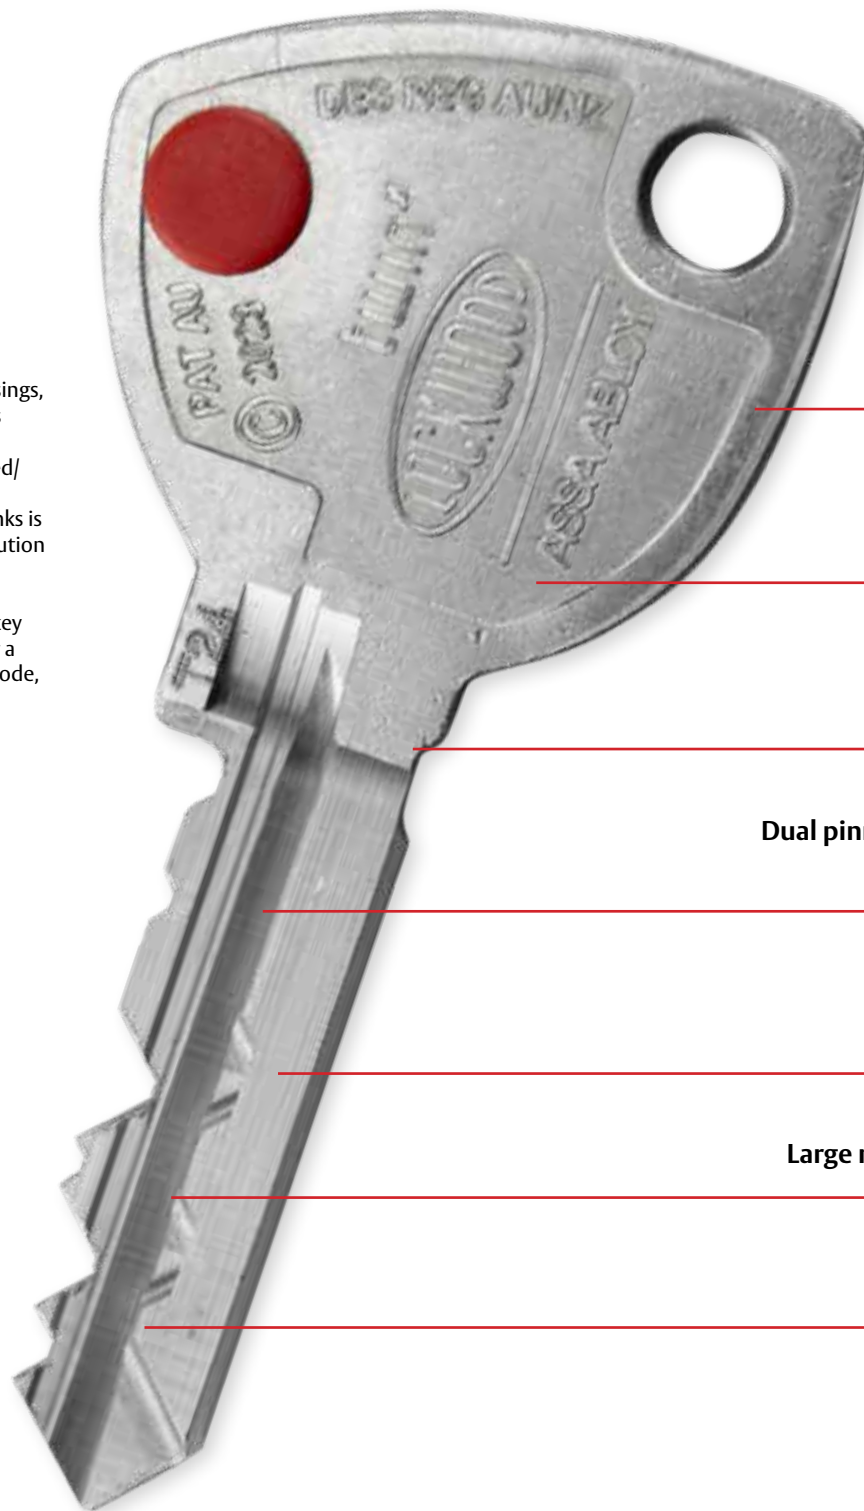

Educational institutions

Healthcare sector

Energy and Utilities

## Lockwood TWIN X®

*Twice as Good*

Proudly Australian made

Patent protected in AUS until 2036  
and design registration in AUS/NZ until 2032.

Backward compatibility with existing TWIN system.  
Exclusive keyways for key control.

Dual pinning mechanism combining six pin inline with three  
pin factory cut side code

Pick resistant design and robust protection  
against drill attacks.

Large master keying system, retrofittable to existing locks.

Durable 3mm thick Key with a new Key head.

## Legal Protection

Expanding on the TWIN system, TWIN X® brings new aesthetics, a patent until 2036, and design registration until 2032. Featuring the exclusive 'FP2' design with a stepped Key shoulder and a two-stop surface system on the barrel, it's fully patent protected, preventing unauthorized sales of barrels or key blanks.

and distributed by authorised  
dealers.

## Master Keying

Master Key systems increase security and convenience by ensuring that an individual or employee needs only one key, which opens only the doors they need. The security of a Master Keying system depends on effective:

- **Key Control** or • **Patent Protection**

The Lockwood TWIN X® System ensures peace of mind with effective key control by employing stringent measures for the supply of key blanks and cut keys which are protected from unauthorised duplication by design registration and patented protection of the key blank.

The diagram below describes a Grand Master Keyed system. Lockwood TWIN X® can turn the most complex security scenario into a convenient and efficient high security solution.

**ASSA ABLOY**

Lockwood is the leading brand in the Australian locking industry.
